

Item # 09-2503

Installation Instructions for Jeep Universal Divider Net

Start by installing the 2 top straps. Label facing the back of the jeep, long strap goes around the front corner of the speaker bar, over the side roll bar, drop it down, and bring it around the back of the speaker bar to the buckle. Do not tighten yet.

Secure the 2 bottom straps to the front seat bracket.

Now pull tight and adjust. Insert excess straps through slip keeper for a clean look.
